OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 9 January 1973

1. [REDACTED] Hand-carried to Ed Braswell, on the staff of the Senate Armed Services Committee, a copy of Mr. Houston's memorandum on Mr. Schlesinger's financial holdings. Braswell and I discussed this at some length and it was our feeling that Mr. Schlesinger should indicate in his confirmation hearing that he owns stock in several corporations which he finds CIA has contracts with and if the Committee feels that this would pose a problem for him in his position as Director, he would abide by their judgment that he dispose of them. Mr. Houston plans to discuss this further with Mr. Schlesinger.

2. [REDACTED] ADVISED Jim Gehrig, Staff Director of the Senate Space Committee, that Mr. Duckett, DD/S&T, would be pleased to brief Chairman Moss and Gehrig on the Soviet space program at Headquarters on the 19th of January as Gehrig had requested. We set the time for 10:00 a.m. and the Senator has accepted our invitation that he stay for lunch. Gehrig raised the question of having Senator Moss' Administrative Assistant, Mr. Kem Gardner, sit in on the briefing. I told him it was contrary to our policy to grant access to this type of information to personal staff members and suggested to Gehrig that the briefing be limited to the Senator and himself in view of the sensitivity involved. Gehrig said he would explain this to the Senator.
